

## STATEMENT OF PURPOSE

RS30542 / H0269

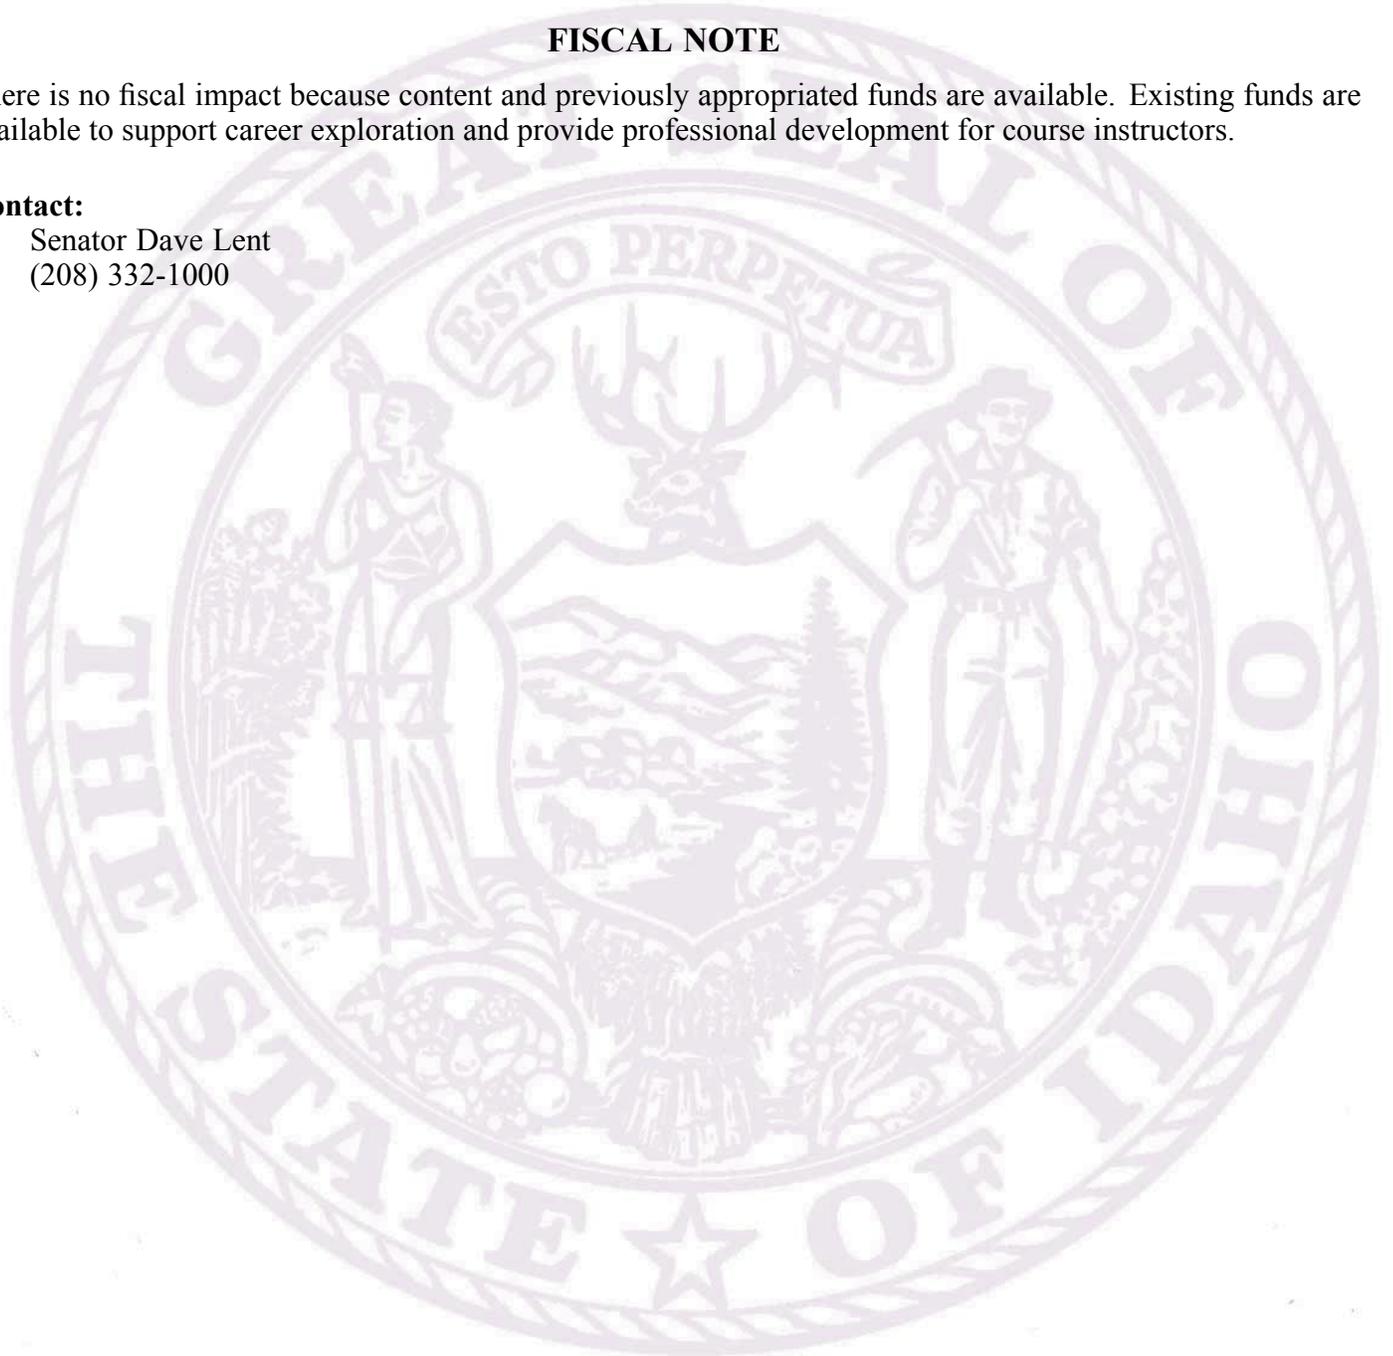

This legislation defines a career exploration experience for 7th or 8th grade students to assist them in identifying potential interests and resulting career paths. Students are only required to take the course one time prior to their 9th grade year. It complements and strengthens existing individual career pathway requirements.

## FISCAL NOTE

There is no fiscal impact because content and previously appropriated funds are available. Existing funds are available to support career exploration and provide professional development for course instructors.
